CALIFORNIA

2023

Private security is a growth industry. Employers must ensure staff have the best training within available budgets. Many companies have highly trained and experienced individuals but either lack the teaching experience or materials to be able to impart the knowledge. For situations like these, Security Training Center<sup>®</sup> offers pre-packaged materials. Our team is comprised exclusively of educational professionals, many of whom hold advanced degrees in Adult Education and Training.

Established in 2003, Security Training Center<sup>®</sup> is a professional security guard training company. Our purpose is to educate security personnel and organizations in the latest protocols and techniques to keep staff, property and other valuables safe. A proactive approach to security awareness prevents many problems from ever occurring, reducing risk to staff and liability. We teach early identification of potential problems and how to defuse conflicts before reaching crisis. Our staff and advisory board have decades of experience in military, law enforcement, executive protection, private security, defensive weapons, and martial arts.

We offer **online training**, **instructor-led**, and **video** solutions.

# Online Course Delivery and Management

Security Training Center<sup>®</sup> is proud to offer online training solutions for any-sized private security company. Leverage our expertise, technology, and approved training materials for your in-house training needs.

Employers and trainers can utilize the online training programs offered by Security Training Center<sup>®</sup> without the costly investments in servers, maintenance, and content management. Employers can manage their employee's training accounts and records in our online learning management system (LMS).

With an agreement, employers can be granted privileges to create staff accounts, directly enroll staff in courses, and be billed via monthly invoice.

Management Tools access is free.

# Online Management Tools include:

- ✓ Create staff accounts.
- ✓ Manage staff course enrollments.
- ✓ Download staff certificates of completion.
- ✓ Manage and update staff account information.
- ✓ Review staff transcripts and exam scores.
- ✓ Run compliance reports.
- ✓ Custom reports.
- ✓ Custom downloads for team members only.
- ✓ Monthly invoicing.

# Certificates, Applications, and Forms

All forms, applications, and certificates of completion from the Security Training Center® Learning Management System (LMS) are available for immediate download!

When a staffer successfully completes a course, all forms, applications, and certificates of completion are downloadable from the staffer's Transcripts page.

**Management has direct access to the employee's profile and records, including all certificates of completion.**

# Compliance Document Training and Tracking

Security Training Center® is proud to provide the private security industry with the first compliance document training system with mobile access for the private security industry: STC Compliance Document System™ (STC CDS).

## Securing paper is a thing of the past

Critical documents are stored in the cloud. The STC LMS is secured by SSL and supports large-screen mobile devices. Staff have secure, remote access to their important documents from workstation computers and mobile phones. All assigned post orders, SOPs, and policy documents are kept secured, yet are just a few clicks away no matter where the guard may be.

# Ensuring Compliance

There is a permanent record of which staff are, or are not, in reading compliance. This is a common practice in Fortune 500 companies that must maintain strict regulatory compliance records. Managers can easily identify non-compliant staff and encourage them to return to compliance. In the past, this type of system was only available to Fortune 500 companies. STC brings this technology to the small and medium businesses.

# Access Control

The company's management team has control over document assignments. This limits access to only those who are authorized. Privileges and access can be revoked with a simple administrator request.

# Affordable Pricing

There is a one-time fee of \$100 per document to upload, store, and create the certification module. **There is no charge for individual assignments.**

Document replacement fee (version update) is \$100.

# Instructor-led Training Materials

Our internationally-recognized training programs are used on five (5) continents.

Our STC Guard Card Training® program complies with all requirements as mandated by the California Department of Consumer Affairs Bureau of Security and Investigative Services (BSIS).

Developing cogent training materials takes time and experience. Add the complications of navigating state laws, regulations, administrative codes, training requirements, and minimum course times and it can be an overwhelming endeavor. Once course development is complete, there are still the onerous tasks of submitting the material, getting it reviewed and eventually approved by state regulatory agencies. All these tasks must be completed before the first student can be trained, which can delay opening, and thus revenue generation, by months.

STC Guard Card Training® has already done the heavily lifting. Our world-class training materials have already been submitted to, reviewed by, and approved by the required state agencies. They are ready to go “out of the box.”

Our turn-key, instructor-led training package includes:

- ✓ Professionally printed and bound training manuals.
- ✓ Knowledge checks.
- ✓ Instructor PowerPoint presentations for every lesson.
- ✓ Final examinations.
- ✓ Student handouts.
- ✓ Continuing education podcasts.

# California Training Manual Summary

Our manuals are designed to work within any program structure. Individual manuals are available in two sets: 8-hours (PoA & WMD) and a comprehensive 32-hours manual. Additionally, we offer the annual 8-hours continuing education program and printed editions of the BSIS Firearms and Baton training manuals.

The BSIS training manuals (reprints of the BSIS material) are shipped from our printers directly to your office. Our 32-hours and Annual Continuing Education manuals are available from Amazon.com. The most current links are available from our dedicated website.
